# Strata can help you Maximize Operations, Achieve Goals

Get the Expertise Your Financial Institution  
Needs with Strata's Managed Services

Leaders at banks, credit unions, and other financial institutions face numerous challenges in today's uncertain economic environment — but worrying about operational efficiency and effectiveness shouldn't be one of them.

A tight job market means many financial services companies are operating with fewer people or have limited personnel adept at managing core systems and processes. Workforce competition makes it harder to recruit and retain workers with select skills, and drives up wages and overall labor costs — which can account for as much as 50% of an organization's capital expenditures.

Turn to a trusted partner to help. Strata's Managed Services alleviate workforce burdens, such as stretched resources, staff turnover, and an overwhelmed IT infrastructure. We run your solutions for you, so you and your staff can focus on other key responsibilities.

## Managed Service offerings include:

- Data configuration
- Data integration
- Data import and export
- Data quality checks
- Reporting
- Production management
- Business process outsourcing
- Staff coverage for turnover, extended leave, growth initiatives

With Strata as your managed service provider, you'll have a team of experienced and dedicated professionals working hand-in-hand with your team — helping you overcome detrimental capacity gaps and keeping your institution on track to achieve or exceed goals.
