CHICAGO, July 13, 2020 — [Strata Decision Technology](#) (Strata), a pioneer and leader in the development of cloud-based financial planning, analytics and performance tools for healthcare, has been selected by *Modern Healthcare* as one of the [2020 Best Places to Work in Healthcare](#).

The award program identifies and recognizes a small group of outstanding employers from across the hundred of thousands of companies in the healthcare industry nationwide. *Modern Healthcare* partners with the Best Companies Group on the assessment process, which includes an extensive employee survey.

"It has been an especially trying year for the world, and healthcare in particular as COVID-19 ravages our communities and your workplaces," said Aurora Aguilar, *Modern Healthcare's* editor. "But the organizations recognized on this year's list rose to the top and continued to be a source of strength for their teammates. They have seen their colleagues fall ill to the virus and struggled with the economic impact of the pandemic. The loyalty and trust between employers and their workers is being put to the test now more than ever. We congratulate Strata for continuing to serve their workforce and communities during such an unprecedented time."

"We are honored to be recognized by *Modern Healthcare* as one of the best employers in the healthcare industry during such an urgent and critical moment for our industry," said Dan Michelson, Chief Executive Officer of Strata. "Our mission to 'help heal healthcare' has never been more important to our customers and our country. We have a team that wakes up every day with a passion for making a meaningful difference for the 220 healthcare delivery systems and 1,000 hospitals that we serve. We feel very fortunate to be able to work on something we care about with people that we care about."

Strata's cloud-based solution, StrataJazz®, is a single, modular platform that brings healthcare providers a "financial flywheel" to better plan, analyze and perform, driving margin to fuel their clinical mission.
